LINEAR PATTERN**

**MONDRIAN PLUS 80 SMALL RECTANGLE  
HERRINGBONE PATTERN**

## Notes

Setting of joint-filling sand: Cover the vibrating plate with a removable rubber tread (neoprene or polypropylene).

Cover the snow removal tools with Teflon or neoprene protectors to minimize the risk of damage from scratches or concrete shards.

Laying patterns: These laying patterns are by way of example only and represent only a few of many possibilities. Permacon shall not be responsible for the excess or shortage of pavers resulting from installation according to these laying patterns.

Additional details specific to this product are available by consulting our landscaping installation guide on our website (Permeable pavement section).
